## OBJECTIVE

I am a web development student seeking an entry-level internship to build my skills in creating responsive websites and web applications. I'm eager to contribute, learn from experts, and gain hands-on experience in real-world projects.

## PROJECTS

### Sikkim Tales Tours and Travel Website

[Click here to view the website](#) 🖱

- Built a responsive website using PHP, MySQL, HTML, JavaScript and Bootstrap for booking and package management.
- Integrated an admin panel for managing packages and user inquiries efficiently.
- Hosted the website on InfinityFree, with a plan to deploy on AWS for enhanced scalability and performance if required by the client

### Hotel Inventory Management System

- Developing a dynamic web application using HTML, CSS, JavaScript, PHP, and MySQL.
- Implementing user authentication and inventory management features.
- Ensuring data security and reliability through optimized database design.
